About This Game

About the Game

The Cage is a thriller theme pixel painting style puzzle solving role-playing games. The game tells the story of the day when the protagonist's mother died.

I also lost my memory. Later, I thought it was Uncle Ochi who adopted her. So I decided to go to Uncle Ochi's house to explore.
Enter Uncle Ochi

Uncle's family also entered the memory and struggle. It was a strange and uneven journey, full of danger everywhere. Uncle's
Door

Most are locked, and very strange, confused Tong Ya need to explore their own rooms, through spider traces to find clues,
investigation

Recall the past and find the answer. Exploration along the way is very stimulating and full of crises and challenges. It needs
wisdom and logic to survive.

Courage to terror. See the bloody, weird, monsters and pupils related to a variety of things, a combination of clues to discover
the truth.
